Dear Families,

Families and high school students will now receive emergency texts from the district. The communications team will also send emergency robo-calls and robo-emails. Messages will be sent during crises such as lockdowns, evacuations and weather delays/closures. We are excited about this change because sending text messages will inform families and students of crises in a much shorter time frame than what it takes for a robo-call or robo-email to be delivered.

Families of high school students, please fill out this Google form in order to sign up your student to receive emergency texts: <https://goo.gl/forms/eHOkmX8WHQ6gC4Vf1>.

Parents and guardians, you have been automatically opted-in to receive emergency texts based on cell phone numbers provided during registration. Please check to make sure your information is up-to-date in Parent Portal. Messages will be sent in English and Spanish.

In order for students and families to receive alerts when our school is in a lockout, please download our **app**. Lockouts are typically caused by police activity in our neighborhood and will only affect families and students during arrival/dismissal and lunch time.
